

Conserve energy and help control your utility costs. Sign up for a

FREE ENERGY AUDIT

During your free energy audit, our State of Florida-certified Energy Rater, Stan DiBello, will visit your home and evaluate your doors, windows, heating and air conditioning system, insulation, lighting, refrigerator, electric water heater, and other areas to determine what may help you reduce your energy consumption.

Also, to assist with energy saving improvements, the UC offers rebates for A/C maintenance, duct repair, insulation, and solar water heaters. You are not required to have an energy audit to be eligible for the rebates.

For more details, visit our website: www.ucnsb.org.
