Specific reason for requesting an energy audit:

Please have a copy of your Utilities Commission bill on hand at the time of the audit for the State of Florida certified Energy Rater, Stan DiBello. Call 386-427-1361 if you need to request a copy of your latest bill. Mr. DiBello will call you to schedule an appointment. Be sure to check for official UCNSB identification when he arrives.

I, _____, am requesting a home energy audit. I understand I will be contacted within two weeks of returning this signed form to schedule my audit. I understand the audit will take approximately 1 hour and 30 minutes, and **I need to be present during the audit**. I know there will be a \$35 no-show fee on my next Utilities Commission bill if I am not at home at time I have scheduled to meet the Energy Rater. I understand there is a limit of one free energy audit per calendar year per service address.
