11. **QUESTIONS REGARDING BID:** COMMISSION has made every effort to provide prospective vendors with the information needed to appropriately respond to this bid. COMMISSION realizes that some clarification, interpretation, or additional information may be required.

Questions regarding any portion of this bid shall be directed, in writing, to:

Utilities Commission, City of New Smyrna Beach

Caleb Fisher, Purchasing Agent

cfisher@ucnsb.org

or

P.O. Box 100

New Smyrna Beach, FL 32170-0100

All such requests must be received no later than 2:30 PM, Eastern Standard Time, **February 6, 2018**. Responses to all requests for more information will be included in any addenda and will be made available to all **BIDDERS** on **February 8, 2018**.

Requests for additional information received after the **February 6, 2018** deadline will not receive a response. Responses will **not** be made orally.

Any additional information pertaining to this Bid or to the services being sought hereunder obtained in a manner other than as described in the preceding paragraph should be regarded as unofficial. COMMISSION will not be bound in any way by information so obtained, or by a Bidder's reliance thereon.

12. **INVOICES:** All invoices resulting from the award of this bid will be paid within 30 days of receipt of invoice or receipt of goods or acceptance of work performed.
13. **BID FORM:** A Bid Form is provided and a completed original and one duplicate copy shall be returned in a **sealed envelope properly marked with Bid number and acknowledgment of receipt of addenda where applicable**. It is incumbent upon each bidder to ensure that they have received all addenda before submitting their bid.
14. **BID OPENING:** Bids will be publicly opened, read aloud and recorded, on the date and time indicated, at the location specified in the request for bid. It is the **BIDDER's** sole responsibility to assure his/her bid is delivered at the proper time and place of the bid. The **COMMISSION** will not be responsible for late deliveries or delayed mail. Bids delivered after the time specified shall not be considered; such bids shall remain **unopened**.
15. **QUOTING PRICES:** Carelessness in quoting prices or in preparation of bid otherwise will not relieve the **BIDDER**. **BIDDERS** are expected to examine specifications, delivery schedule, extensions, and all terms and conditions in the bid documents. Bids having erasures or corrections must be initialed in ink by the **BIDDER**. In the event of an extension error(s), the unit price will prevail.

16. **AMENDED OR WITHDRAWN BIDS:** Bids may be amended or withdrawn only by written notice prior to the bid opening. Amendments will only be accepted in the form of a new bid package. The bidder must pick up the original bid package and submit an amended sealed bid prior to the bids closing date and time. Amendments or withdrawals received after the bid opening will not be effective, and the original bid submitted will be considered.
17. **PUBLIC ENTITY CRIMES:** UNDER SECTION 287.133(2)(a), FLORIDA STATUTES, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for Category two for a period of 36 months from the date of being placed on the convicted vendor list. See attachment "A".
18. **CONSIDERATION OF BIDS:** The **COMMISSION** reserves the right to award the contract to the Bidder(s) that the **COMMISSION** deems to offer the best overall bid. The **COMMISSION** is therefore not bound to accept a bid on the basis of lowest price. In addition, the **COMMISSION** at its sole discretion, reserves the right to cancel this Bid, to reject any and all bids, to waive any and all informalities and/or irregularities, to re-advertise with either the identical or revised specifications, or not award a contract at all if it is deemed to be in the best interest of the **COMMISSION** to do so. The **COMMISSION** also reserves the right to make multiple or split awards if it is deemed to be in the **COMMISSION'S** best interest. The **COMMISSION** shall not be responsible for any cost or expense incurred by the Bidder in preparing or submitting a bid or any cost prior to the execution of a contract agreement.
19. **TIE BID:** In the event of a tie bid where quality and service are equal; a preference is given to vendors submitting, with the proposal, a certification of a drug free work place in accordance with Section 287.087 Florida Statutes. Where tie bids are between bidders, one of which is located in Volusia County and the other bidder is not, the recommended award shall be to the local bidder. Past Performance-Consideration will be given to a vendor based on previous history and performance on similar Utilities Commission projects or requirements. Delivery availability or completion period. Capacity to perform in terms of service availability, facilities, personnel or financial availability. Closeness to delivery point. If **all** conditions are equal, a flip of a coin, with two witnesses present, shall be the deciding factor.
20. **SUBMITTING BIDS:** Bids shall be **addressed and mailed or delivered as specified on page one (1) to 200 Canal St. New Smyrna Beach, Florida 32168.**
21. **NO BID:** In the event an Invitation to Bid is returned as a no bid, "**NO BID**" shall be properly marked on the outside of the envelope with the bid number.

22. **REJECTED BIDS:** The **COMMISSION** reserves the right to reject bids containing any additional terms or conditions not specifically requested in the original conditions and specifications.
23. **FAILURE OF THE CONTRACTOR TO DELIVER:** Failure of the contractor to deliver within the time specified, or within a reasonable time as interpreted by the **COMMISSION** or failure to make replacements of rejected articles as directed, shall permit the **COMMISSION** to purchase on the open market articles of comparable grade to take the place of those rejected or not delivered. On all such purchases, the contractor shall reimburse the **COMMISSION**, within a reasonable time specified by the Purchasing Authority, for any expenses incurred in excess of the defaulted price. Payments due the contractor by the **COMMISSION** may be withheld until reimbursement is received.
24. **BRAND OR TRADE NAMES:** When brand or trade names are used in the bid invitation, it is for the purpose of item identification and to establish standards for quality; style and features. Bids on equivalent items will be considered unless items are noted as no substitutes. Equivalent bids must be accompanied by descriptive literature and/or specifications to receive consideration. Demonstrations and/or samples may be required and shall be at no charge to the **COMMISSION**. The **COMMISSION** reserves the right to determine if bid goods are equivalent to specified goods.
25. **AWARDS:** Awards shall be made as required for the best interest of the **COMMISSION**. The right is reserved to make award(s) by individual items, group of items, all or none, or any combination thereof, with one or more suppliers.
26. **INDEPENDENT CONTRACTORS:** Contractor is an independent contractor, and all persons employed by Contractor in connection herewith shall be its employees and not employees of **COMMISSION** in any respect.

Contractor's Pollution Liability

For the purposes of this project, pollution shall be contamination of the surrounding water body by a substance or energy that has undesired effects, or adversely affects the usefulness, of said water body. Examples of potential contaminants are, but not limited to, drilling fluid, drilling mud and any by-product of the drilling operation.

Contractor's Pollution Liability for each construction project during the Term of this Agreement, a broad form contractor's pollution liability insurance policy which covers losses caused by pollution conditions (including sudden and non-sudden pollution conditions) arising from the services and operations of Manager or his contractor and all subcontractors pursuant to this Agreement. Such policy shall apply, without limitation, to bodily injury, property damage (including loss of use of damaged property or of property which has not been physically injured or destroyed) and clean-up costs and shall provide coverage for pollution conditions which arise from encountering preexisting environmental conditions at the project site and for liability resulting from the transportation of hazardous wastes. Further, such policy shall be written with a per claim limit of liability of at least **One Million Dollars (\$1,000,000) for each occurrence, \$2,000,000 policy aggregate and with a deductible no greater than Twenty-**

five Thousand Dollars (\$25,000). Such policy must include a retroactive date prior to or as of the date of execution of this Agreement and must be kept in force for three (3) years after the termination of this Agreement.

Coverage shall apply to the indemnity agreement and shall include the **COMMISSION** their officers and employees, each as additional insured's but only as regards to their liability arising out of Contractor's performance of the work or out of operations performed by others on behalf of Contractor under this Contract. The insurance as afforded to such additional insured's shall state that it is primary insurance and shall provide for a severability of interest or cross-liability clause. Prior to commencing performance of any work or site mobilization, Contractor shall furnish **COMMISSION** with Certificates of Insurance (identifying on the face thereof the Project name and Contract number) as evidence of the above required insurance and such Certificates shall provide for thirty (30) days written notice to **COMMISSION** prior to cancellation thereof.

COMMISSION is not maintaining any insurance on behalf of Contractor covering loss or damage to the work or to any other property of Contractor unless otherwise specifically set forth herein.

None of the requirements contained herein as to types, limits and approval of insurance coverage to be maintained by Contractor are intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by Contractor under this contract.

Contractor shall deliver the original Certificate of Insurance and one copy to the agent of the **COMMISSION**.

Notices, in original and one copy, of cancellation, termination and alternation of such policies shall also be provided to the agent of the **COMMISSION**.

28. **WARRANTY AND ACCEPTANCE**: All material shall be new and workmanship shall be first class in every respect. The work shall be subject to inspection and acceptance by **COMMISSION**. Contractor guarantees its work hereunder for a period of twelve (12) months after completion and acceptance of the work unless otherwise set forth herein. In the event **COMMISSION** discovers defects in material or workmanship at any time before the expiration of the specified warranty period, Contractor shall, upon written notice from **COMMISSION**, repair or replace at its sole expense any such defects. **COMMISSION** may perform such repairs or replacements by other reasonable means and Contractor agrees to pay for such corrective measures. Neither acceptance of the work by **COMMISSION** nor payment shall relieve Contractor from liability under the indemnity clause or any of the guarantees or warranties contained or implied herein.

29. **LAWS, REGULATIONS, PERMITS AND TAXES:** Contractor must comply with **COMMISSION's** jobsite procedures and regulations and with all applicable local, state and federal laws, rules and regulations and must obtain all permits required for any of the work performed hereunder. Contractor must procure and pay for all permits and inspections required for any of the work performed hereunder and must furnish any bonds, security or deposits required to permit performance of the work. Contractor must, to the extent permissible under applicable law, comply with the jobsite provisions which validly and lawfully apply to work on the specific jobsite being performed under this Contract.
30. **WORK RULES, SECURITY:** For work performed on **COMMISSION** premises, Contractor shall strictly observe **COMMISSION** work rules and security requirements. All work shall be carried out during normal **COMMISSION** working hours unless specifically agreed to in writing by **COMMISSION**. Contractor shall, at **COMMISSION's** request remove from site any employee whom **COMMISSION** deems to be incompetent, dishonest or uncooperative.
31. **CHANGES:** **COMMISSION** may, at any time, direct in writing additions, deletions or changes to all or any part of the work. If any such changes cause an increase or decrease in the cost of or in the time required to perform such work, Contractor shall submit detail information substantiating such claims and an equitable adjustment shall be made to the price or time of performance.
32. **RELEASE AGAINST LIENS OR CLAIMS:** Contractor shall promptly pay all claims of persons or firms furnishing labor, equipment or materials used in performing the work hereunder. **COMMISSION** may require Contractor to submit satisfactory evidence of payment and releases of all such claims. If there is any evidence of any such unpaid claim, the **COMMISSION** may withhold any payment until Contractor has furnished such evidence of payment and release.
33. **ASSIGNMENT:** Any assignment by Contractor of this Contract or of any rights hereunder or hypothecation thereof in any manner, in whole or in part, by operation of law or otherwise, without the prior written consent of the **COMMISSION** shall be voided.
34. **SAFETY AND FIRE PREVENTION:** Contractor shall at all times conduct all operations under the Contract in a manner to avoid risks of bodily harm to persons, damage to any property and fire. Contractor shall be responsible to take all precautions necessary and continuously inspect all work, materials and equipment to discover, determine and correct any such conditions which may result in any of the aforementioned risks.

35. **SUSPENSION OF WORK AND TERMINATION:** **COMMISSION** May Suspend Work - The **COMMISSION** may at any time and without cause suspend the Work or any portion thereof by notice in writing to the Contractor. The Project Manager shall fix the date on which Work shall be resumed and the Contractor will resume the Work on the date so fixed. The Contractor will be allowed an extension of the Contract Time, if directly attributable to any suspension. However, no change to the contract price will be allowed on claims for suspended work or delays, whatever the Cause or reason.

COMMISSION May Terminate for Cause - If the Contractor is adjudged bankrupt or insolvent; if he makes a general assignment for the benefit of his creditors without **COMMISSION** approval; if a trustee or receiver is appointed for the Contractor or for any of his property; if he files a petition to take advantage of any debtor's act or to reorganize under the bankruptcy or similar laws; if he fails to prosecute and complete the Work in accordance with the established Project Schedule or within the Contract Time allowed; if he repeatedly fails to supply sufficient skilled workers or suitable materials or equipment; if he repeatedly fails to make prompt payment to subcontractors for labor, materials or equipment; if he disregards laws, ordinances, rules, regulations or orders of any public body having jurisdiction; if he disregards the authority of the Project Manager; or if he otherwise substantially violates any provisions of the Contract Documents, then the **COMMISSION** may, without prejudice to any other right or remedy and after giving the Contractor and his Surety seven (7) days written notice, terminate the services of the Contractor and take possession of the Work and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and assign the completion of the Work to the Surety, or finish the Work by whatever method it may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Amount exceeds the direct and indirect cost of completing the Work, including compensation for additional professional services, such excess shall be paid to the Contractor. If such cost exceeds such unpaid balance, the Contractor will pay the difference to the **COMMISSION**. Such cost incurred by the **COMMISSION** will be determined by the **COMMISSION** and incorporated in a Change Order.

Where the Contractor's services have been so terminated by the **COMMISSION**, said termination shall not affect any rights of the **COMMISSION** against the Contractor then existing or which may thereafter accrue. Any retention or payment of moneys by the **COMMISSION** due the Contractor will not release the Contractor from liability.

Upon Termination for Cause, the Contractor shall not be entitled to payment for any anticipated supplemental costs, administrative expenses and/or profit for uncompleted Work. If after notice of termination of the services of the Contractor for cause, it is determined that the Contractor was not in default, the termination shall be deemed to have been for the convenience of the **COMMISSION**. In such event the Contractor may recover from the **COMMISSION** payment for Work completed and reasonable termination costs as provided in the following paragraph.

**UTILITIES COMMISSION

Termination for Convenience: Upon seven (7) days written notice to the Contractor and the Surety, or sooner if reasonable under the circumstances, the **COMMISSION** may, without cause and without prejudice to any other right or remedy, elect to terminate any part of the Work, or the Contract in whole or in part, as the **COMMISSION** may deem appropriate. In any termination for convenience, the Contractor shall be paid for work completed, and costs incurred, materials delivered or ordered by the Contractor and subcontractors at the time of termination provided, however, that the payment to the Contractor will exclude any and all anticipated supplemental costs, administrative expenses and profit for uncompleted Work. Upon termination for convenience, the **COMMISSION** shall have full power and authority to take possession of the Work, assume any sub-agreements with Subcontractors and suppliers which the **COMMISSION** selects, and prosecute the Work to completion by contract or as the **COMMISSION** may deem expedient.

Removal of Contractor Employee: The **COMMISSION** retains the right to require immediate removal of any contractor employee, including the foreman or superintendent if in the **COMMISSION**'s sole determination it is in the interest of the **COMMISSION** or the project. Such removal should be immediate and not subject to approval or discussion.

36. **MAINTENANCE OF RECORDS**: The Contractor will keep adequate records and supporting documents applicable to this contract. Said records and documentation will be retained by the Contractor for a minimum of five (5) years from the date of final payment on this Contract. The **COMMISSION** and its authorized agents shall have the right to audit, inspect and copy records and documentation as often as the **COMMISSION** deems necessary during the period of this contract and a period of five (5) years after completion of contract performance; provided however, such activity shall be conducted only during normal business hours. The **COMMISSION**, during the period of time defined by the preceding sentence, shall also have the right to obtain a copy of and otherwise inspect any audit made at the direction of the Contractor as concerns the aforesaid records and documentation.
37. **CONFLICT OF INTEREST OF OFFICERS OR EMPLOYEES OF THE CONTRACTING ENTITY/LOCAL JURISDICTION, MEMBERS OF THE LOCAL GOVERNING BODY, OR OTHER ELECTED OFFICIALS**: No member or employee of the contracting entity/local jurisdiction or its designees or agents; no member of the governing body; and no other public official of the **COMMISSION** who exercises any function or responsibility with respect to this contract, during his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed. Further, the Contractor shall cause to be incorporated in all subcontracts, the language set forth in this paragraph prohibiting conflict of interest.

38. **EMPLOYEE CONFLICT OF INTEREST:** It shall be unethical for any **COMMISSION** employee to participate directly or indirectly in a procurement contract when the **COMMISSION** employee knows that:

(1) The **COMMISSION** employee or any member of the **COMMISSION** employee's immediate family has a financial interest in the procurement contract; or

(2) Any other person, business, or organization with whom the **COMMISSION** employee or any member of a **COMMISSION** employee's immediate family is negotiating or has an arrangement concerning prospective employment is involved in the procurement contract.

A **COMMISSION** employee or any member of a **COMMISSION** employee's immediate family who holds a financial interest in a disclosed blind trust shall not be deemed to have a conflict of interest with regard to matters pertaining to that financial interest.

39. **GRATUITIES AND KICKBACKS:**

(1) Gratuities. It shall be unethical for any person to offer, give, or agree to give any **COMMISSION** employee or former **COMMISSION** employee, or for any **COMMISSION** employee or former **COMMISSION** employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, or preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity **COMMISSION** in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter, pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefore.

(2) Kickbacks. It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier sub-contractor or any person associated therewith, as an inducement for the award of a subcontract or order.

(3) Contract Clause. The prohibition against gratuities and kickbacks prescribed in this Section shall be conspicuously set forth in every contract and solicitation therefore.

40. **USE OF PREMISES**: The Contractor will confine his equipment, the storage of materials and equipment, and the operations of his workers to the areas permitted by law, ordinances, permits or the requirements of the Contract Documents and shall not unreasonably encumber the premises with materials or equipment.

The Contractor shall confine the operation of workmen and equipment, and the storage of materials and equipment to the **COMMISSION's** property or to other non- **COMMISSION** property or in public right-of-way areas indicated on the Contract Drawings as including work to be done pursuant to the Contract documents. In the event the Contractor desires to have access to the project site, or perform work or operations pertaining to the contract on, over or from non- **COMMISSION** property adjacent to the project site, the Contractor shall obtain written authorization to do so from the respective adjacent property owner(s) prior to using such property. Such written authorization shall include a provision whereby the property owner agrees to hold the **COMMISSION** harmless, and to defend the Utilities Commission, in the event of any liability, loss, injury, or claim incurred as a result of the Contractors work or operations involving the use of the adjacent non-**COMMISSION** property. The **COMMISSION** shall be provided with a notarized, certified copy of such written authorization(s) before the Contractor commences work or operations or use of such property in connection with work or operations pursuant to this contract.

41. **EMERGENCIES**: In emergencies affecting the safety of persons, the Work or property at the site or adjacent thereto, the Contractor, without special instruction or authorization from the Project Manager, is obligated to act at his discretion to prevent threatened damage, injury or loss. He will give the Engineer and or Project Manager prompt written notice of any significant changes in the Work or deviations from the Contract Documents caused thereby, and a Change Order shall thereupon be issued covering the changes and deviations involved. If the Contractor believes that additional Work done by him in an emergency which arose from causes beyond his control entitles him to an increase in the Contract Amount or an extension of the Contract Time, he may make a claim.
42. **CHANGES IN THE WORK**: Without invalidating the Agreement, the **COMMISSION** may, at any time or from time to time, order additions, deletions or revisions in the Work authorized by written Change Orders or directive. Upon receipt of a Change Order, the Contractor will proceed with the work involved. All such work shall be executed under the applicable conditions of the Contract Documents. If any Change Order causes an increase or decrease in the Contract Amount or any extension or shortening of the Contract Time, an equitable adjustment will be made.

Additional Work performed by the Contractor without authorization of a Change Order will not entitle him to an increase in the Contract Amount or any extension of the Contract Time, except in the case of an emergency.

It is the Contractor's responsibility to notify his Surety of any changes affecting the general scope of the Work or change of the Contract Amount and the amount of the applicable bonds shall be adjusted accordingly, and an amended bond document furnished to the **COMMISSION**.

In the event the **COMMISSION** directs the Contractor to make a change in the Work, and if the **COMMISSION** and the Contractor do not arrive at a mutually acceptable increase or decrease in the Contract Amount, the Contractor shall not use any such lack of mutual acceptance as a basis or cause to stop or otherwise delay the progress or the execution and completion of any of the work ordered, directed or required pursuant to the Contract Documents.

43. **PERFORMANCE AND PAYMENT BONDS:** In the event the Contract is awarded to the Bidder, he will thereafter enter into a written contract with the Owner and furnish a Payment and Performance Bond in an amount equal to the contract price, in strict accordance with Section 255.05 of Florida Statutes. Payment and Performance Bonds shall be secured from or countersigned by an agency or surety company recognized in good standing and authorized to do business in the State of Florida.
44. **BID BOND:** Bids shall be accompanied by a security deposit as follows: Bid Bond in the amount of a sum no less than 10 percent of the Bid Price/Sum. Endorse the Bid Bond in the name of the **COMMISSION** as the obligee, signed and sealed by the principal (Contractor) and surety.
45. **HURRICANE OR TROPICAL STORM SUSPENSIONS:** During official hurricane season (June 1 to Nov. 30) this provision will be effective. If a hurricane or tropical storm watch or warning is issued for any part of the **COMMISSION** service area contractors will be required to take the following actions at no added cost to **COMMISSION**.
1. Cease all work except to secure the completed work and protect any stored materials from storm damage, or from being caught into motion by storm forces that may damage other property.
 2. Fill any excavations and secure from erosion and traffic.
 3. Collect and remove or secure any loose material or packing from work or storage areas.
 4. Remove all materials or equipment from any street or roadway.
 5. Remove equipment from the barrier islands.
 6. Evacuate all personnel from work areas upon issue of order by emergency services agency.

Contractors may return to work upon lifting of watches and warnings and restoration of public access. Allowance will be made to contract time for storm warning/watch & preparation plus reasonable time (not more than 5 days unless special circumstances warrant) after access is restored if it has been interrupted by official order. No adjustments will be made to the contract prices.

46. LIQUIDATED DAMAGES:

If awarded this construction contract, the Bidder agrees to complete the work covered by this contract as follows:

1. Substantially Complete in **THIRTY (30)** consecutive calendar days.
2. Final Completion in **TEN (10)** consecutive calendar days from substantial completion.

Should the Contractor fail to substantially complete work under this Contract on or before the date stipulated for Substantial Completion (or such later date as may result from extensions of time granted by Owner), he shall pay Owner, as liquidated damages, the sum of **\$100.00 (ONE HUNDRED DOLLARS)** for each consecutive calendar day that terms of the Contract remain unfulfilled beyond date allowed by the contract, which sum is agreed upon as a reasonable and proper measure of damages which Owner will sustain per deim by failure of Contractor to complete work within time as stipulated; it being recognized by Owner and Contractor to complete on schedule is uncertain and cannot be computed exactly. In no way shall costs for liquidated damages be construed as a penalty on the Contractor.

For each consecutive calendar day that the work remains incomplete after the date established for Final Completion, the Owner will retain from the compensation otherwise to be paid to the Contractor the sum of **\$100.00 (ONE HUNDRED DOLLARS)**. This amount is the minimum measure of damages the Owner will sustain by Failure of the Contractor to complete all remedial work, correct deficient work, clean up the project and other miscellaneous tasks as required to complete all work specified. This amount is in addition to the liquidated damages prescribed above for Substantial Completion.

47. INDEMNIFICATION FOR TORT ACTIONS/LIMITATION OF LIABILITY:

The provisions of Florida Statute 768.28 applicable to the Utilities Commission, City of New Smyrna Beach apply in full to this contract. Any legal actions to recover monetary damages in tort for injury or loss of property, personal injury, or death caused by the negligent or wrongful act or omission of any employee of the Utilities Commission acting within the scope of his/her office or employment are subject to the limitations specified in this statute.

No officer, employee or agent of the Utilities Commission acting within the scope of his/her employment or function shall be held personally liable in tort or named as a defendant in any action for injury or damage suffered as a result of any act, event or failure to act.

The Utilities Commission shall not be liable in tort for the acts or omissions of an officer, employee or agent committed while acting outside the course and scope of his/her employment. This exclusion includes actions committed in bad faith or with malicious purpose, or in a manner exhibiting wanton and willful disregard of human rights, safety, or property.

To the fullest extent permitted by law, the vendor shall defend, indemnify, and hold harmless the Utilities Commission, its officials, agents, and employees from and against any and all

CERTIFICATION OF DRUG-FREE WORKPLACE FORM

IDENTICAL TIE BIDS - Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at www.irs.gov/fw9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding? on page 2.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

GENERAL INFORMATION

Underwater survey services were requested to perform an inspection of the 12" Ductile Iron WM subaqueous crossing on the North side of the North Causeway Bridge due to suspected pipeline failure. Divers utilizing surface supplied air diving equipment with hard wire communications inspected the utility crossing. Diving operations were conducted from a 28' dive boat. Underwater photography and video was utilized to document existing conditions during the inspection. The crossing was inspected in March of 2017 Pre-Hurricane IRMA and found to be in serviceable condition. Post Hurricane inspection January 18th, 2018 found the pipeline failed and leaking.

Diving inspection findings are as follows:

Post Hurricane Irma – 12" Ductile Iron Water Main North Bridge

The 12" ductile iron water main was inspected Post Hurricane Irma on January 18, 2018 following the suspected failure of the pipe. The diver located the source of the leak at a previous clamp and spool piece repair to the pipeline. Initial inspection revealed approximately 6' of vertical scour directly beneath the pipe and existing repair clamp assembly. Vertical alignment of the east and west pipes was noted as slightly off elevation. Horizontal alignment also is suspected to be slightly off. Further investigation revealed the East Clamp failed and was leaking at the gasket retainer ring to the spool piece. The gasket material was protruding out from both ends of the East Clamp. Previously installed cement rip rap bag support piers were found undermined and failed.

The diver noted the presence of failed hardware on the East Clamp. The failed hardware was noted on all sides of the clamp and included 1 missing bolt and 6 failed eyelets. 4 of the 8 bolts appear to still be intact.

The West Clamp was found in place. All hardware was in place and no leaks or gasket material was visible.

Inspection of the pipeline east and west of the spool piece area revealed that the ground line beneath the pipe has changed drastically since the last inspection of March 2017.

The pipe on the east side of the repair clamps and spool piece was suspended and unsupported for a total length of approximately 65 lineal feet. This area of suspension includes 3 unsupported pipe joints which are now suspended in an imminent failure condition. The maximum height of suspension east of the repair is approximately 3'.

The pipe on the west side of the repair was suspended and unsupported for approximately 17'. The maximum height of suspension west of the repair is approximately 4 ½'.

121' of the 12" DI WM was found exposed, of the 121' of exposure, 20' of the 12" DI WM was found completely suspended and unsupported.

Sta. 5+35 to Sta. 5+15 pipe was suspended 24" maximum

Sta. 5+05 to Sta. 4+14 pipe was found to be exposed, some parts of the pipe were covered but the joints were exposed on average 30 – 50%

Clamps and spool piece installed on January 17, 2014 were found 50% exposed between Sta. 4+85 and Sta. 4+80. No movement, damage, or leaks noted on repair clamps and spool piece.

Synopsis:

Post Hurricane Irma 12" WM North Bridge Crossing

Suspended pipe refers to sections of the 12" underwater water main that are currently unsupported and stressed. Ball and socket or bell and spigot pipe is designed to be supported and are not designed to have excessive free spans of unsupported pipe and joints. Pipe Joints, where suspended, are currently experiencing additional stress to the bell and spigot sections (male and female) due to no bedding or uniform soil support below pipe.

Exposed pipe refers to sections of pipe that are uncovered laying on the bottom of the river bed. Exposed sections that are not buried are subjected to accelerated corrosion rates and damage from vessel ground tackle and transient debris.

Subaqueous pipeline crossings are typically designed and permitted to be buried for their entirety to protect against the negative effects of exposure and suspension outlined above.

Current Suspended sections of pipe are now in an imminent failure condition Post Hurricane Irma attributable to the extreme scour experienced during the hurricane.

Steps to provide support, immobilization and protection should be taken immediately. Industry standard repair method is the cement rip rap bag repair. Cement rip rap bags are used to build up the ground line beneath the suspended/scoured out pipeline and restore support. Pipelines are supported underneath and covered on top in a pyramid type fashion to support and protect the pipes as well as induce siltation to further protect the crossings.

EMERGENCY REPAIR UNDERWATER 12" WATER MAIN AT NORTH CAUSEWAY

Due to the extreme tidal surge, wind driven currents and accelerated water flow experienced during Hurricane Irma at the crossing, we believe the pipelines ground line was scoured out beneath during the storm, leaving it unsupported and suspended (hanging) for a distance of at least 82+'. This lack of support likely caused the unsupported joints to shift downward and reach their maximum deflection, ultimately causing failure of the repaired section (East Clamp).

The crossing now has 82' of suspended and unsupported pipe. 62' of which did not exist before Hurricane Irma. The current unsupported joints have already moved downward in elevation (drooped) to maximum joint deflection with no support and are experiencing excessive stress/strain on the joints (bell/spigot).

AGREEMENT – SECTION 00500
(TO BE COMPLETED BY UCNSB AND CONTRACTOR AFTER BID IS AWARDED)

This Agreement is by and between the Utilities Commission, City of New Smyrna Beach, Florida (herein called Owner) and LOW BIDDER NAME Contractors, Inc. (herein called Contractor).

Owner and Contractor, in consideration of the mutual covenants herein set forth, agree as follows:

ARTICLE 1 – WORK

1.01. Contractor shall complete all Work as specified or indicated in the Contract Documents based on the acceptance by Owner of Contractor's Bid.

The Work is generally described as follows:

- 1) Apply for USACOE permits (emergency basis) to install cement rip rap bags above and below the pipe to provide support, immobilization, and protection.
- 2) Support the pipeline at each joint initially via the cement bag method in piers.
- 3) Remove failed clamp/s. Realign pipe sections and install new clamps and spool piece.
- 4) Provide support, immobilization, stabilization, and protection via the cement bag method to all sections of pipe suspended and exposed.
- 5) Inspect all City owned Underwater Utilities Crossings in the area to document current existing post incident conditions.
- 6) Document all Hurricane Irma related damage to City subaqueous utilities/assets.

THE PROJECT DURATION IS A MAXIMUM OF 30 CALENDAR DAYS.

ARTICLE 2 – CONTRACT PRICE

2.01. Owner shall pay Contractor for completion of the Work designated in Article 1 in accordance with the Contract Documents, a not-to-exceed amount of: Written Dollar Amount (\$###,###.##) as indicated in Contractor's Bid.

ARTICLE 3 – PAYMENT PROCEDURES

3.01. Submittal and Processing of Payments

SECTION 00500

**UTILITIES COMMISSION
CITY OF NEW SMYRNA BEACH, FLORIDA**

**ITB# 14-18
EMERGENCY REPAIR UNDERWATER 12" WATER MAIN AT NORTH CAUSEWAY**

A. Contractor shall submit Applications for Payment in accordance with Article 9 of the General Terms and Conditions. Applications for Payment will be processed by Owner as provided in the General Terms and Conditions.

3.02. Progress Payments

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment. All progress payments will be on the basis of the progress of the Work measured established in the General Terms and Conditions.

B. Consent of the Surety shall be obtained before final payment is paid by Owner. Consent of the Surety, signed by an agent, must be accompanied by a certified copy of such agent's authority to act for the Surety.

3.03. Final Payment

A. Upon completion and acceptance of the Work in accordance with the General Terms and Conditions, Owner shall pay the remainder of the Contract Price as provided in the General Terms and Conditions.

ARTICLE 4 – CONTRACTOR'S REPRESENTATIONS

4.01. In order to induce Owner to enter into this Agreement, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents and the other related data identified in the Bidding Documents.

B. Contractor has visited the Site and become familiar with and is satisfied as to the general, local, and site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Federal, state, and local Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has obtained and carefully studied (or assumes responsibility for having done so) all additional or supplementary examinations, investigations, explorations, tests, studies, and data concerning conditions (surface, subsurface, and Underground Facilities) at or contiguous to the Site which may affect cost, progress, or performance of the Work or which relate to any aspect of the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor, including application of the specific means, methods, techniques, sequences, and procedures of construction, if any, expressly required by the Contract Documents to be employed by Contractor, and safety precautions and programs incident thereto.

E. Contractor does not consider that any further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract Documents.

SECTION 00500

**UTILITIES COMMISSION

F. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

G. Contractor has correlated the information known to Contractor, information and observations obtained from visits to the Site, reports and drawings identified in the Contract Drawings, and all additional examinations, investigations, explorations, tests, studies, and data with the Contract Documents.

H. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

ARTICLE 5 – CONTRACT DOCUMENTS

5.01. The Contract Documents which comprise the entire agreement between Owner and Contractor concerning the Work consist of the following:

1. Section 00500 – Agreement.
2. Contractor Submitted Bid Document.
3. **ITB #14-18.**
4. Performance and Payment Bond.
5. Power of Attorney.
6. Certificate of Insurance.
7. Notice of Award.
8. Notice to Proceed.

5.02. The Contract Documents may be amended, modified, or supplemented only as provided in General Terms and Conditions.

ARTICLE 6 – MISCELLANEOUS

6.01. Term.

A. Terms used in this Agreement will have the meanings indicated in the General Terms and Conditions

6.02. Assignment of Contract.

A. No assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and specifically, but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law); and unless specifically stated to the contrary in any written consent to an

6.04. Public Access to Documents.

Contractor shall allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, made or received by the Contractor in conjunction with this project. Specifically, the Contractor must:

- (1) Keep and maintain public records that ordinarily and necessarily would be required by the Owner in order to perform the services being performed by the Contractor.
- (2) Provide the public with access to public records on the same terms and conditions that the Owner would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
- (3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
- (4) Meet all requirements for retaining public records and transfer, at no cost, to the Owner all public records in possession of the Contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the Owner in a format that is compatible with the information technology systems of the Owner.

The Contractor shall promptly provide the Owner with a copy of any request to inspect or copy public records in possession of the Contractor and shall promptly provide the Owner a copy of the Contractor's response to each such request. Failure to grant such public access will be grounds for immediate termination of this contract by the Owner.

6.04. Severability.

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

6.05. Business Addresses.

A. The business address of Contractor given herein is hereby designated as the place to which all notices, letters, and other communication to Contractor will be mailed or delivered. The address of Owner appearing herein is hereby designated as the place to which all notices, letters, and other communication to Owner shall be mailed or delivered. Either party may change its address at any time by an instrument in writing delivered to the other party.

PROJECT REQUIREMENTS – 01000

PART 1 - GENERAL

1.00 DESCRIPTION

- A. This Section includes:
 - 1. Protection and Restoration of Property.
 - 2. Change Orders.
 - 3. Public Access and Convenience.
 - 4. Traffic Control.
 - 5. Survey Work.
 - 6. Existing Utilities.
 - 7. Special Conditions.
 - 8. Coordination.
 - 9. Abbreviations and Symbols.
- B. Related work specified elsewhere includes:
Application for Payment - Section 01027.

1.01 PROTECTION AND RESTORATION OF PROPERTY

- A. The Contractor shall not enter upon private property for any purpose without first obtaining permission and he shall use every precaution necessary to prevent damage or injury to any public or private property, trees, fences, monuments, and underground structures, etc., on and adjacent to the site of the work.
- B. The Contractor shall not do any work that would affect any pipeline, telephone, telegraph, or electric transmission line, or other structure. The Contractor shall not enter upon the right-of-way or other lands appurtenant thereto, until authority therefore has been secured from the proper persons.
- C. The Contractor shall be responsible for all damage or injury to property of any person or entity resulting from any act, omission, neglect or misconduct in his manner or method of executing said work, from his non-execution of said work, or from defective work or materials. The Contractor shall not be released from said responsibility until the work shall have been completed and accepted and the contract requirements fulfilled.
- D. When or where any direct or indirect damage or injury is done to public or private property by or on account of any act, omission, neglect, or misconduct in the execution of the work, or in consequence of the non-execution thereof on the part of the Contractor, or any act in the proper completion of work, the Contractor shall restore such property, at his own expense, to a condition equal or better to that existing before such damage or injury was done by repairing, rebuilding, or otherwise restoring, as may be directed. If not possible, the Contractor shall make good such damage or injury in a manner acceptable to the damaged or injured party.

1.02 CHANGE ORDERS

- A. The Owner or Engineer may at any time make changes within the general scope of the project, issue additional instructions, require additional work or direct the omission of portions of the work; provided, however, that the Contractor shall not proceed with any change involving an increase or decrease in contract sum, without prior written authorization from the Owner or Engineer in accordance with the procedure outlined hereunder.
- B. The Owner or Engineer shall order changes in the project by giving the Contractor a written change order request ("Change Order Request"), setting forth in detail the nature of the requested change. Within ten (10) days of receipt of a Change Order Request, the Contractor shall furnish to the Owner or Engineer a statement setting forth in detail, with a suitable break-down by quantity and unit price the Contractor's estimate of the changes in the contract sum. If the Owner approves in writing such estimate by the contractor, such Change Order Request and such estimate shall constitute a Change Order, and the contract sum shall be adjusted as set forth in the Contractor's estimate. This procedure shall apply to both additive and deductive change orders.
- C. The Owner or Engineer may make minor changes to the work not involving a change in the contract sum without the use of a Change Order.
- D. Additional work performed by the Contractor without authorization of a Change Order is done at its own risk and will not entitle it to an increase in the Contract Price or an extension of the Contract Time.

1.03 PUBLIC ACCESS AND CONVENIENCE

- A. At all points in the work where public access to any building, house, place of business, public road, or sidewalk would be obstructed by any section of the Contractor in executing the work required by this Contract, the Contractor shall provide such temporary structure, bridges or roadway as may be necessary to maintain public access at all times. At least one lane for vehicular traffic shall be maintained in streets on which the Contractor is working unless otherwise authorized by the Engineer in writing.
- B. Prior to temporarily cutting off access to driveways and garages, the Contractor shall give 24 hours notice to affected property owners. Interruptions to use of private property shall be kept to a minimum. The Contractor is responsible for and may make other suitable arrangements with owners of private driveways in lieu of the requirement of this Section.
- C. Materials stored at the site of the work shall be so placed and the work shall at all times be so conducted as to cause minimum obstruction to vehicular or pedestrian traffic. No roadway shall be closed or opened except by express permission of the City, County or such other authorized public agency having jurisdiction.

- D. The Contractor shall exercise precaution at all times for the protection of persons and property. The safety provisions of applicable laws, building codes and construction codes shall be observed.

1.04 TRAFFIC CONTROL

- A. It shall be the responsibility of the Contractor in performance of the work elements of the Contract to furnish all traffic control equipment and personnel.
- B. The Contractor shall provide bypasses, crossings, and other means for the maintenance of one-way traffic in all streets, and two-way traffic wherever possible, in all streets where work is in progress. The Contractor shall plan and schedule his operations to impose the least possible interference with normal traffic flow. Any such interference shall be cleared with the applicable local, County or State agency prior to beginning construction.
- C. The Contractor shall provide, erect, and maintain effective barricades, danger signals, and signs on all intercepted streets or highways and in other locations where required for the protection of the work and the safety of the public. Barricades or obstructions which encroach on, or are adjacent to public rights-of-way shall be provided with lights which shall be kept burning at all times between sunset and sunrise. Conformity with State, County and local laws and regulations is required in the use of streets and highways. The Contractor shall be responsible for all damages resulting from any neglect or failure to meet these requirements. Watchmen shall be provided as required by local regulations or as necessary to fulfill the requirements stated herein.
- D. The State of Florida Department of Transportation "Utility Accommodation Guide Procedure 616-400" and its "Uniform Manual for Traffic Control Devices" shall be followed as applicable. Additionally, traffic control requirements shall meet all local, State and Federal requirements.

1.05 SURVEY WORK

- A. Prior to commencing work, the Contractor shall satisfy himself as to the accuracy of all survey or existing site information as indicated in the Drawings or Specifications. Should the Contractor discover any errors, inaccuracies or omissions in the survey data, he shall immediately notify the Engineer. The commencing of any of the work by the Contractor shall be held as the Contractor's acceptance that all survey or existing site information is correct and accurate, without any reasonably inferable errors, inaccuracies or omissions.
- B. The Contractor shall carefully preserve all control stakes, benchmarks, reference points and property corner and will be responsible for any mistake or loss of time caused by their unnecessary loss or disturbance. If the loss or disturbance of the stakes or marks cause a delay in the Work, the Contractor shall have no claim for damages or extension of time. Control stakes, benchmarks, reference points and property corners disturbed by the Contractor's work shall be replaced by a Florida

Registered Land Surveyor and Mapper, at the Contractor's expense. In the event the Owner must provide the services of the Florida Registered Surveyor and Mapper to perform this replacement work, the cost of the surveying services will be deducted from any sums due the Contractor for the work performed under this Contract.

- C. All survey work shall be performed under the guidance and direction of a Florida Registered Surveyor and Mapper.
- D. All survey work for Record Drawings shall be performed by a Florida Registered Surveyor and Mapper.

1.06 EXISTING UTILITIES

- A. All existing utilities shown on the Drawings are located according to the information available to the Engineer at the time the Drawings were prepared and have not been independently verified by the Owner or the Engineer. Guarantee is not made that all existing underground utilities are shown or that the locations of those shown are accurate. The locations shown are for bidding purposes only. Finding the actual location of any existing utilities is the Contractor's responsibility and shall be done before he commences any work in the vicinity. Furthermore, the Contractor shall be fully responsible for any and all damages which might be occasioned by the Contractor's failure to exactly locate and preserve any and all underground utilities. The Owner or Engineer will assume no liability for any damages sustained or costs incurred because of the Contractor's operations in the vicinity of existing utilities or structures, nor for temporary bracing and shoring of same. If it is necessary to shore, brace, or swing a utility, the utility company or department affected shall be contacted and their permission obtained regarding the method to use for such work.
- B. It is the Contractor's responsibility to locate all underground utilities before beginning work.
- C. The Contractor shall schedule and execute all work involving existing utilities in order to minimize necessary interruption of services. Whenever such interruption is necessary for completion of the work the Contractor is responsible for notifying the Engineer and the appropriate utility at least 48 hours in advance. All work to repair/restore utility service shall be performed to the satisfaction of the appropriate utility. All costs related to service maintenance, interruption, and restoration shall be included in the appropriate line item in the Contract, and will not be paid as an additional item.

1.07 SPECIAL CONDITIONS

- A. Visits to the construction site may be made by representatives of local regulatory agencies. The Contractor shall submit details of all instructions from the above to the Engineer immediately. The Work will not be accepted by the Owner until final acceptance has been received from the various departments of the Regulatory Agencies having jurisdiction.
- B. The Contractor shall furnish sufficient labor, construction equipment and materials, and shall work such hours, including night shifts and overtime operations, as may be necessary to insure the prosecution of the work in accordance with the approved progress schedule. If, in the opinion of the Engineer, the Contractor falls behind the progress schedule, the Contractor shall take such steps as may be necessary to improve his progress and the Engineer may require him to increase the number of shifts and/or overtime operation, days of work and/or the amount of construction equipment and materials, all without additional cost to the Owner. The Contractor shall be responsible for any additional costs incurred by the Owner or Engineer due to the overtime work. The failure of the Contractor to comply with the requirements of the Engineer under this provision shall be grounds for determination of the Engineer that the Contractor is not prosecuting the work with such diligence as will insure completion within the time specified. Upon such determination, the Engineer may recommend to the Owner to seek such legal remedy as is deemed necessary to protect the Owner's interest.
- C. In addition to these Specifications all work must comply with the requirements of the local governing agency, Department of Transportation, Water Management District, Department of Environmental Protection, and all other applicable State or Federal agencies' Specifications and Permits. In the event of a conflict the more stringent specification or requirement shall govern.
- D. The items of work on this project are to proceed in the sequence of work items listed hereinafter and shall be operable within the time frame stated from the date of the Notice to Proceed. No work is to start that involves the modification to existing facilities without prior approval and authorization from the Owner or his designated representative. An advance notice of 48 hours is required to the Owner prior to start of any work that involves modifications to existing structures, piping or appurtenances.
- E. The Contractor is responsible for notifying all permitting agencies of his intentions to begin construction. Proper notification to each agency shall be given within the time frame required by that agency.
- F. The Contractor shall give the Engineer 10 days minimum notice before beginning work on the Project.
- G. Before performing tests, the Contractor shall provide the Engineer with a minimum of 48 hours notice.

- H. Before performing any work outside the designated limits of the work site, the Contractor shall secure any necessary permits and/or authorization from the applicable Owner, or verify that such has been previously obtained. All requirements of any said permits or authorization shall be followed.
- I. Contractor shall not work overtime unless authorized to do so by Owner. If overtime is required, Contractor shall provide seven (7) days minimum notice to Engineer and Owner.

1.08 COORDINATION

The Contractor shall be fully responsible for the coordination of his work and the work of his employees, subcontractors, and suppliers and to assure compliance with schedules.

1.09 ABBREVIATIONS AND SYMBOLS

A. Referenced Standards

- 1. Any reference to published specifications or standards of any organization or association shall comply with the requirements of the specification or standard which is current on the date of Advertisement for Bids. In case of a conflict between the referenced specifications or standards, the one having the more stringent requirements shall govern.
- 2. In case of conflict between the referenced specifications or standards and the Contract Documents, the Contract Documents shall govern.

APPLICATIONS FOR PAYMENTS – SECTION 01027

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

- A. Drawings and general provisions of Contract, including General and Supplementary Conditions and other Division-1 Specification Sections, apply to this Section.

1.02 SUMMARY

- A. This section specifies administrative and procedural requirements necessary to prepare and process the Contractor’ Applications for Payment.
 - 1. Coordinate the Schedule of Values and Applications for Payment with the Contractor’s Construction Schedule, List of Subcontracts, and Submittal Schedule.
- B. The Contractor’s Construction Schedule and Submittal Schedule are included in section “Submittals”.

1.03 SCHEDULE OF VALUES

- A. Coordinate preparation of the Schedule of Values with preparation of the Contractor’s Construction Schedule.
 - 1. Correlate line items in the Schedule of Values with other required administrative schedules and forms, including:
 - a. Application for Payment form
 - b. List of subcontractors
 - c. Schedule of submittals.
 - 2. Submit the Schedule of Values to the Owner at the earliest feasible date, but in no case later than 7 days before the date scheduled for submittal of the initial Application for Payment.
 - 3. Where work is separated into phases, provide sub-schedules showing values correlated with each phase of payment.
- B. Format and Content: Use the Project Manual Table of Contents as a guide to establish the line items for the Schedule of Values. Provide at least one line item for each specification section.
 - 1. Provide a breakdown of the Contract Sum in enough detail to facilitate continued evaluation of Applications for Payment and progress reports. Provide several line items for principal subcontract amounts, when appropriate.
 - 2. Schedule Updating: Update and resubmit the Schedule of Values when Change Orders or Construction Change Directives result in a change in the Contract Sum.

1.04 APPLICATIONS FOR PAYMENT

- A. Each Application for Payment shall be consistent with previous applications and payments as certified by the Engineer and paid for by the Owner.
 - 1. The initial Application for Payment, the Application for Payment at time of Substantial Completion, and the final Application for payment involve additional requirements.
- B. Payment Application Times: The date for each progress payment is indicated in the Agreement between Owner and Contractor. The period of construction Work covered by each Application for Payment is the period indicated in the Agreement.
- C. Payment Application Forms: Use AIA forms for Applications for Payment.
- D. Application Preparation: Complete every entry on the form, including notarization and execution by person authorized to sign legal documents on behalf of the Owner. Incomplete applications will be returned without action.
 - 1. Entries shall match data on the Schedule of Values and Contractor's Construction Schedule. Use updated schedules if revisions have been made.
 - 2. Include amounts of Change Orders and construction Change Directives issued prior to the last day of the construction period covered by the application.
- E. Transmittal: Submit 5 signed and notarized copies of each Application for Payment to the Engineer by means ensuring receipt within 24 hours; one copy shall be complete, including waivers of lien and similar attachments, if required.
 - 1. Transmit each copy with a transmittal form listing attachments, and recording appropriate information related to the application.
- F. Waivers of Mechanics Lien: When required by the Owner, submit waivers of mechanics liens from subcontractors or sub-subcontractors and suppliers for the construction period covered by the previous application with each Application for Payment.
 - 1. Submit partial waivers on each item for the amount requested, prior to deduction for retainage, on each item.
 - 2. When an application shows completion of an item, submit final or full waivers.
 - 3. Waiver Delays: Submit each Application for Payment with the Contractor's waiver of mechanics lien for the period of construction covered by the application.
 - a. Submit final Application for Payment with or preceded by final waivers from every entity involved with performance of Work covered by the application who could lawfully be entitled to a lien.
 - 4. Waiver Forms: Submit waivers of lien on forms, and executed in a manner, acceptable to Owner.

1. List of subcontractors.
 2. Schedule of Values.
 3. Contractor’s Construction Schedule.
 4. Submittal Schedule.
 5. Certificates of insurance and insurance policies.
 6. Performance and Payment Bonds.
 7. Copy of Building Permit.
- H. Application for Payment at Substantial Completion: Following issuance of the Certificate of Substantial Completion, submit an Application for Payment; Administrative actions and submittals that shall proceed or coincide with this application include:
1. Warranties (guarantees) and maintenance agreements.
 2. Maintenance instructions.
 3. Start-up performance reports.
 4. Change-over information related to Owner’s occupancy, use, operation and maintenance.
 5. Final cleaning.
 6. List of incomplete Work, recognized as exceptions to Engineer’s Certificate of Substantial Completion.
- I. Final Payment Application: Administrative actions and submittals which must precede or coincide with submittal of the final payment Application for Payment include the following:
1. Evidence of completion of project closeout requirements.
 2. Evidence of completion of items specified for completion after Substantial Completion.
 3. AIA Document G706, “Contractor’s Affidavit of Payment of Debts and Claims”: or other evidence acceptable to the Owner.
 4. AIA Document G706A, “Contractor’s Affidavit of Release of Liens”.
 5. AIA Document G707, “Consent of Surety to Final Payment”.
 6. Assurance that work not complete and accepted will be completed without undue delay.
 7. Transmittal of required project construction records to Owner.
 8. Removal of temporary facilities and services.
 9. Removal of surplus materials, rubbish and similar elements.
 10. Change of door locks to Owner’s access.

CONSTRUCTION PHOTOGRAPHS – SECTION 01380

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

Drawings and general provisions of Contract, including General and Supplementary Conditions and other Division-1 Specification Sections, apply to this Section.

1.02 SUMMARY

- A. This Section specifies requirements of photographic documentation of the project conditions before construction. The video tape and photographs will serve as record of existing conditions for disputes arising from restoration, and should therefore be taken along the lines of construction at such frequency as necessary to depict details of existing conditions.
- B. Payment: All cost for photographs and video tapes including processing, indexing and cataloging shall be on a lump sum basis, and shall be paid for by the Contractor, excepting photographs taken by the Engineer or the Owner.

1.03 SUBMITTALS

- A. Photographs and Digital Video Disks: capable of being viewed in Windows XP Based Software.
- B. Provide full-size narrated DVD with label to identify subject areas.
- C. Provide photographs, as necessary, to supplement DVD to clearly depict existing conditions.

1.04 QUALITY ASSURANCE

- A. Video narration shall completely (location, orientation, etc.) identify each scene.
- B. Index and catalog photographs in such a manner that each scene is readily identifiable.
- C. Photographs shall indicate the orientation of view and shall indicate date and time the photograph was made.

3.01 CONSTRUCTION DOCUMENTATION

- A. Pre-Construction Conditions: Take photographs and video tape all areas where construction is to take place within two weeks prior to the start of construction. Submit processed photographs to the Engineer before construction commences.
- B. During construction or when major equipment is installed or where problems occur, the Contractor shall take pictures and videotape.
- C. Post-Construction Conditions: Upon completion of construction work and before final payment, the contractor shall take photographs and video tapes of all completed construction and of all areas disturbed or restored by construction activities.
- D. Unusual Conditions encountered during construction shall be photographed and video taped if not already a matter of photographic record.

PROJECT CLOSEOUT – SECTION 01700

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

Drawings and general provisions of Contract, including General and Supplementary Conditions and other Division-1 Specification Sections, apply to this Section.

1.02 SUMMARY

- A. This Section specifies administrative and procedural requirements for project closeout, including but not limited to:
 - 1. Field review procedures.
 - 2. Project record document submittal.
 - 3. Operating and maintenance manual submittal.
 - 4. Submittal of warranties.
 - 5. Final cleaning.
- B. Closeout requirements for specific construction activities are included in the appropriate specifications.

1.03 SUBSTANTIAL COMPLETION

- A. Preliminary Procedures: Before requesting a Substantial Completion meeting, Contractor shall complete the following.
 - 1. Submit specific warranties, workmanship bonds, maintenance agreements, final certifications and similar documents.
 - 2. Obtain and submit releases enabling the Owner unrestricted use of the Work and access to services and utilities; include occupancy permits, operating certificates and similar releases.
- B. Field Review Procedures: On receipt of a notice that the facilities are substantially complete, the Engineer will proceed with field review meeting with the Contractor and Owner or Owner’s representative present. The Engineer will review documentation provided by the Contractor and the Owner’s representative. From field observations and the documentation provided, the Engineer will prepare a “punch list” of items that must be completed or corrected before the work can be considered complete and the final payment is made. The work which is substantially complete will be considered cleared for partial utilization and turned over to the Owner. These items may be put into service by the Owner and shall not be altered by the Contractor.

SECTION 01700

UTILITIES COMMISSION
CITY OF NEW SMYRNA BEACH, FLORIDA

ITB# 14-18
EMERGENCY REPAIR UNDERWATER 12" WATER MAIN AT NORTH CAUSEWAY

1.04 FINAL COMPLETION

- A. Preliminary Procedures: Before requesting final inspection for certification of final acceptance and final payment, Contractor shall complete the following.
1. Submit the final payment request with releases and supporting documentation not previously submitted and accepted. Include certificates of insurance for products and completed operations where required.
 2. Submit an updated final statement, accounting for final additional changes to the Contract Sum.
 3. Submit a copy of the Engineer's final inspection list of items to be completed or corrected, stating that each item has been completed or otherwise resolved for acceptance.
 4. Submit final meter readings for utilities, a measured record of stored fuel, and similar data as of the date of Substantial Completion, or when the Owner took possession of and responsibility for corresponding elements of the Work.
 5. Submit consent of surety to final payment.
 6. Submit a final liquidated damages settlement statement.
 7. Submit evidence of final, continuing insurance coverage complying with insurance requirements.
- B. Re-inspection Procedure: The Engineer will schedule a final completion meeting to review the work identified in the punch list upon receipt of notice from the Contractor that the work has been completed.
1. Upon completion of Final Completion review, the Engineer will prepare a notification for the Contractor and Owner of final completion, or advise the Contractor of work that is incomplete or of obligations that have not been fulfilled but are required for final acceptance. This notification of final completion only implies that through examination of records and visual inspection the work appears to meet the requirements of the drawings and specifications as all construction activities are not observed by the Engineer. If the Engineer must perform another review of any work identified on the punch list because the Contractor failed to complete all work before the final completion inspection, the Contractor will be responsible for paying all of the Engineer's cost for another field review.

1.05 RECORD DOCUMENT SUBMITTALS

- A. General: Do not use record documents for construction purposes; protect from deterioration and loss in a secure, fire-resistive location; provide access to record documents for the Engineer's reference during normal working hours.
- B. Record Drawings: Maintain a clean, undamaged set of blue or black line white-prints of Contract Drawings and Shop Drawings. Mark the set to show the actual installation where the installation varies substantially from the Work as originally shown. Mark whichever drawing is most capable of showing conditions fully and accurately; where Shop Drawings are used, record a cross-reference at the corresponding location on the

SECTION 01700

Contract Drawings. Give particular attention to concealed elements that would be difficult to measure and record at a later date. An independent Florida licensed land surveyor must be retained to locate all surface improvements including extent of any paving, and all pipe inverts and structure top elevations for sanitary sewer and stormwater improvements.

1. Mark record sets with red erasable pencil; use other colors to distinguish between variations in separate categories of the Work.
 2. Mark new information that is important to the Owner, but was not shown on Contract Drawings or Shop Drawings.
 3. Note related Change Order numbers where applicable.
 4. Organize record drawing sheets into manageable sets, bind with durable paper cover sheets, and print suitable titles, dates and other identification on the cover of each set.
- C. Record Specifications: Maintain one complete copy of the Project Manual, including addenda, and one copy of other written construction documents such as Change Orders and modifications issued in printed form during construction. Mark these documents to show substantial variations in actual Work performed in comparison with the text of the Specifications and modifications. Give particular attention to substitutions, selection of options and similar information on elements that are concealed or cannot otherwise be readily discerned later by direct observation. Note related record drawing information and Product Data. Upon completion of the Work, submit record Specifications to the Engineer for the Owner's records.
- D. Record Product Data: Maintain one copy of each Product Data submittal. Mark these documents to show significant variations in actual Work performed in comparison with information submitted. Include variations in products delivered to the site, and from the manufacturer's installation instructions and recommendations. Give particular attention to concealed products and portions of the Work which cannot otherwise be readily discerned later by direct observation. Note related Change Orders and mark-up of record drawings and Specifications. Upon completion of mark-up, submit complete set of record Product Data to the Engineer for the Owner's records.
- E. Record Sample Submitted: Immediately prior to the date or dates of Substantial Completion, the Contractor will meet at the site with the Engineer and the Owner's personnel to determine which of the submitted Samples that have been maintained during progress of the Work are to be transmitted to the Owner for record purposes. Comply with delivery to the Owner's Sample storage area.
- F. Miscellaneous Record Submittals: Refer to other Specification Sections for requirements of miscellaneous record-keeping and submittals in connection with actual performance of the Work. Immediately prior to the date or dates of Substantial Completion, complete miscellaneous records and place in good order, properly identified and bound or filed, ready for continued use and reference. Submit to the Engineer for the Owner's records.

- G. Maintenance Manuals: Organize operating and maintenance data into suitable sets of manageable size. Bind properly indexed data in individual heavy-duty 2-inch, 3-ring vinyl-covered binders, with pocket folders for folded sheet information. Mark appropriate identification on front and spine of each binder. Include the following types of information:
1. Emergency instructions.
 2. Spare parts list.
 3. Copies of warranties.
 4. Wiring diagrams.
 5. Recommended "turn around" cycles.
 6. Inspection procedures.
 7. Shop Drawings and Product Data.

PART 3 - EXECUTION

3.01 CLOSEOUT PROCEDURES

- A. Operating and Maintenance Instructions: Arrange for each installer of equipment that requires regular maintenance to meet with the Owner's personnel to provide instruction in proper operation and maintenance. If installers are not experienced in procedures, provide instruction by manufacturer's representatives. Include a detailed review of the following items:
1. Maintenance manuals.
 2. Record documents.
 3. Spare parts and materials.
 4. Tools.
 5. Lubricants.
 6. Fuels.
 7. Identification systems.
 8. Control sequences.
 9. Hazards.
 10. Cleaning.
 11. Warranties and bonds.
 12. Maintenance agreements and similar continuing commitments.

- B. As part of instruction for operating equipment, demonstrate the following procedures:
 - 1. Start-up.
 - 2. Shutdown.
 - 3. Emergency operations.
 - 4. Noise and vibration adjustments.
 - 5. Safety procedures.
 - 6. Economy and efficiency adjustments.
 - 7. Effective energy utilization.

3.02 FINAL CLEANING

- A. General: General cleaning during construction is required by the General Conditions and included in Section "Temporary Facilities".
- B. Before the completion of the project, the Contractor shall, unless otherwise especially directed or permitted in writing:
 - 1. Tear down and remove all temporary buildings and structures which he built;
 - 2. Remove all temporary works, tools, and machinery or other construction equipment furnished by him;
 - 3. Remove, acceptably disinfect, and cover all organic matter and material containing organic matter in, under, and around privies, houses, and other buildings used by him;
 - 4. Remove all rubbish from any grounds which he has occupied; and
 - 5. Leave the roads, all parts of the premises and adjacent property affected by his operations, in a neat and satisfactory condition.
- C. The Contractor shall restore or replace any public or private property damaged by his work, equipment, or employees, to a condition at least equal to that existing immediately prior to the beginning of the operations. To this end, the Contractor shall restore all highway, roadside and landscaping work within any right-of-way, platted or prescriptive. Acceptable materials, equipment, and methods shall be used for such restoration.
- D. The Contractor shall thoroughly clean all materials and equipment installed by him and his subcontractors and on completion of the work shall deliver the facilities undamaged and in fresh and new-appearing condition.
- E. It is the intent of the Specifications to place the responsibility on the Contractor to restore to their original condition all items disturbed, destroyed or damaged during construction.
- F. When finished surfaces require cleaning with cleaning materials the Contractor shall use only those cleaning materials which will not create hazards to health or property and which will not damage the surfaces. Cleaning materials shall be used only on those surfaces recommended by the manufacturer. The manufacturer's directions and recommendations shall be followed at all times.
- G. The Contractor shall do everything in his power to keep the amount of dust produced during his construction activities to a minimum. If required by the Engineer, the Contractor, at his expense, shall spray water or other dust control agents over the areas

which are producing the dust. Construction operations shall be scheduled so that dust and other contaminants will not fall on wet or newly-coated surfaces.

- H. Compliance: Comply with regulations of authorities having jurisdiction and safety standards for cleaning. Do not burn waste materials. Do not bury debris or excess materials on the Owner's property. Do not discharge volatile, harmful or dangerous materials into drainage systems. Remove waste materials from the site and dispose of in a lawful manner. Where extra materials of value remaining after completion of associated Work have become the Owner's property, arrange for disposition of these materials as directed.
- I. Inspection
Prior to final completion, the Owner, Engineer and Contractor shall review the site with regards to site cleanup, restoration and maintenance of the system. The Contractor shall clean and/or restore all items determined to be unsatisfactory by the Owner or Engineer, at his expense.
