**Bid Tabulation has been revised.**

**Line Item 7: is for the matching trim to be installed at joints and thresholds and does not include wall trim.**

**Line Item 10: Engineering has requested we use a complementing trim to match the existing baseboard trim. Standard primed 1x2 on top of the existing 1x6 instead of quarter round trim.**

**Line Item 11: We have added an allowance for additional trim work as some areas have vinyl cove base on one wall and our existing 1x6 on other walls. We would like to have 1x6 matching trim installed in these areas before you put down the 1x2 base trim.**

**Acknowledgment of Receipt of Addenda No. 1**
