SMYRNA SUBSTATION EQUIPMENT

DATE: May 24, 2018

RE: Bid No. 18-18 **ADDENDUM NO. 01**

The Utilities Commission is issuing the following addendum. **As such it becomes an integral part of the proposal and must be acknowledged by the return of this signed form, with your proposal form, acknowledging receipt of the addendum.**

**Bidders shall note the following statements when preparing bids for evaluation:**

Questions and Answers:

1. Q: For ITB # 18-18, please clarify or confirm; is the BID BOND - SECTION 00410, on pages 42-44 of the bid package, a true Bid Bond or will this further serve as a Performance/Payment Bond if awarded.  
A: **The intent is for the bidder to provide a Bid Bond, not a Performance Bond.**
2. Q: In regards to your ITB 18-18 - Substation Equipment, I have a question about the list of approved manufacturers for the 2 power transformers. I see the list of approved and the note stating that all approvals must be handled prior to the bid advertisement. Is there a possibility that *[redacted]* was left off of the list by mistake or possibly a reason they were left off intentionally. Any insight would be greatly appreciated.  
A: **The UCNSB considered a list of 12 manufacturers during development of the bidding documents, and approved the 7 listed on page 28 in the Bid Scope of Work.**

Also, please note the following:

3. On pages 35, 38, and 40 (Appendix 1, 2 and 3) replace “December 14, 2018 to January 28, 2019” with “February 8, 2019 to March 25, 2019” as the Requested Delivery Date window.

SMYRNA SUBSTATION EQUIPMENT

4. On page 38 regarding alternate manufacturers for the Circuit Switcher, replace “Alternate manufacturers must have been approved by the UCNSB Director of Engineering prior to bid advertisement.” with “Alternate manufacturers will be permitted to submit bids, but must provide complete information as to exceptions to the technical Specifications.”

**Acknowledgment of Receipt of Addenda No. 1**
