Payments due the contractor by the COMMISSION may be withheld until reimbursement is received.

If any such changes cause an increase or decrease in the cost of or in the time required to perform such work, Contractor shall submit detail information substantiating such claims and an equitable adjustment shall be made to the price or time of performance.

36. **CONFLICT OF INTEREST OF OFFICERS OR EMPLOYEES OF THE CONTRACTING ENTITY/LOCAL JURISDICTION, MEMBERS OF THE LOCAL GOVERNING BODY, OR OTHER ELECTED OFFICIALS**: No member or employee of the contracting entity/local jurisdiction or its designees or agents; no member of the governing body; and no other public official of the **COMMISSION** who exercises any function or responsibility with respect to this contract, during his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed. 1. **GENERAL INFORMATION**

The Utilities Commission, City of New Smyrna Beach, FL operates a 10 MGD Water Treatment Plant (WTP), located at 2640 Paige Ave. The lime softening design produces wet lime residuals (approximately 2-5 % solids) during its production process for potable water supplies. This wet lime residual is composed primarily of calcium carbonate (> 93%). The UCNSB wishes to sign an Agreement to provide for the removal of wet lime residuals from the WTP.

2. **SCOPE OF WORK**

The successful bidder, hereafter referred to as the HAULER, will meet the following conditions:

The HAULER agrees to transport wet lime residuals from the UCNSB’S WTP.

The HAULER will provide a 6,000-gallon tanker to be left at the plant each day so the lime residuals can be pumped into this vessel over the course of a 24 hour period. Then the HAULER will bring an empty tanker and leave that, pick up the full tanker, and continue this process on a 7 day/week frequency. The HAULER will take this material to an approved disposal area and manage that part of the process accordingly.

We are requesting an alternate bid to add a 2nd 6,000-gallon tanker option on an as needed basis to compensate for increased lime residual production at the WTP. This increase may be required due to operation of both clarifiers, and or an increase in served populations creating higher treatment flows.

The HAULER agrees to provide an approved site in compliance with all environmental rules and regulations pertaining to the stockpiling and/or storage and use of wet lime residuals.

The HAULER agrees to take title of all the wet lime residuals the HAULER removes from the COMMISSIONS WTP upon leaving the WTP property.

The HAULER agrees to be responsible for any on site and all roadway spills and or cleanup required during the loading, transportation, and subsequent use of the wet lime residuals by the HAULER'S trucks.

The HAULER agrees to carry the required limits of Type IV insurance (see attached), so as to protect the COMMISSION from any claim of damage arising from the services provided.
by the HAULER to the COMMISSION, or any subsequent use that the HAULER makes of the wet lime residuals. HAULER shall maintain transporter insurance.

The HAULER will provide for properly licensed equipment operators to operate the HAULER’S equipment.

The HAULER agrees to remove one (1) full tanker truckload (approximately 6000 gallons/load) per day, seven days/week of wet lime residuals from the WTP unless the WTP Superintendent (or his designee) calls otherwise with 24 hours notice to hauler, if any of the routine conditions change due to maintenance.

Each tanker load shall be weighed via a recognized State of Florida Department of Transportation (FDOT) annually certified weigh station. Each tanker load is to be identified by a separate hauling ticket which will include: the gross weight, empty weight, the net weight (i.e., weight of the load of Residuals), and date from the FDOT certified weigh station described above. Each hauling ticket will also include: selected bidder's name, address, phone number, driver's name (printed), driver's signature, truck time in/out of WTP per load, disposal location, hauling ticket number, and the COMMISSION WTP operator's signature.

The HAULER agrees that if the conditions listed here are not satisfactorily carried out, as deemed so by the WTP Superintendent, the Agreement can be canceled after thirty (30) days of the HAULER being notified in writing of such.
