3 GENERAL INFORMATION

3.1 THE UTILITIES COMMISSION, CITY OF NEW SMYRNA BEACH (UCNSB) is currently seeking proposals from qualified and interested organizations to provide an actuarial evaluation of UCNSB’s liabilities for Other Post-Employment Benefits (OPEB) under GASB 74/75. UCNSB is requesting services be performed for fiscal year 2021, October 1, 2020 to September 30, 2021. The term of this contract shall be one (1) year with the option to renew for up to three (3) additional one-year periods upon mutual agreement in writing.

3.2 ACTUARIAL SERVICES FOR UCNSB

- a. As required by the Governmental Accounting Standards Board (GASB) Statement Number 74/75 which provides standards for accounting, reporting and disclosure requirements for post-employment benefits other than pensions commonly known as “OPEB’s”. UCNSB is required to determine the impact of Statement 74/75 for the audited financial statements for fiscal year 2021. UCNSB’s fiscal years end on September 30th.
- b. As required by GASB Statements Numbers 74 and 75, determine the impacts and provide an actuarial evaluation of the UCNSB’s liability as necessary.
- c. UCNSB offers post-retirement benefits in the form of medical, dental, vision and life insurance at 100% of the premium paid by the retired employee. Some benefits such as life insurance are offered at a reduced limit. UCNSB must recognize the potential incremental costs assumed from these actions. The GASB considers the resultant “implicit rate subsidy” for retirees, which is created from these actions, to be an OPEB and must be measured and reported in the financial statements.
- d. All UCNSB employees (retired and active) are classified as general employees; they are not members of Police or Fire Departments. Of the approximately 172 active employees (as of 6/2/2020), 80% contribute to an ICMA 457 Plan. Additionally, of these active employees, 10% are in the Florida Retirement System, with the remaining 90% in a Defined Contribution Pension Plan (401a) administered by the Principal.

RFP#24-20 Actuarial Services**

4 SCOPE OF SERVICES

- 4.1** UCNSB is seeking an evaluation by a qualified and experienced firm to evaluate the financial impact of the GASB 74/75 regulation as they relate to the UCNSB's provision of insurance benefits (OPEB) to our retirees and their eligible dependents. The evaluation should also include variances in potential liability based on potential changes to the basis for UCNSB's retiree subsidy and subsidy levels.

UCNSB offers its retired employees the ability to continue the Commission's health insurance and other insurance offerings:

- Employee- The employee must have at least 5 years of service and be age 62 or have 30 years of service regardless of age to retire under the Principal Plan. Currently there are 153 employees in Principal (2 employees in waiting period). For FRS, the employee must have at least 10 years of service and be age 62 or have 30 years of service regardless of age. Currently there are 17 employees in FRS.
- To continue coverage as a retiree, the employee must enroll themselves and their eligible dependent(s) by completing and submitting the appropriate paperwork to Human Resources within 60 days after retirement.

Additionally, the following conditions apply:

- Health coverage from other sources will be primary with UCNSB's coverage having secondary responsibility.
- When a retiree is eligible for Medicare, they may no longer take UCNSB's insurance (unless they are under FRS and then they must be permitted to continue).
- Premium payments are due the first of each month with a 30-day grace period.
- Retirees pay the same rate as other employees (however they pay the entire premium whereas UCNSB subsidizes active employee premiums).

4.2 Annual Open Enrollment

Each year during open enrollment, in August/September, plan informational packets are mailed to retirees enrolled with UCNSB. Retirees may make any of the changes to their coverage that an active employee can (add or drop coverage, add or drop dependents, etc.).

4.3 Methodology

The actuarial analysis should include the following:

- Analysis of UCNSB's current retiree benefit programs.
- Provide all information necessary for recording the OPEB Obligation and related Deferred Inflows, Deferred Outflows, and OPEB Expense in accordance with GASB 74/75
- Prepare the necessary material for the Comprehensive Annual Financial Report to comply with GASB OPEB reporting and disclosure requirements.
- Prepare the annual gain/loss analysis to determine reasons for changes in the unfunded actuarial accrued liability.

**UTILITIES COMMISSION
City of New Smyrna Beach
RFP#24-20 Actuarial Services**

- Determine the implicit rate subsidy, if any, and the impact it would have on the OPEB liability.

The results of the analysis should be provided in a report including a complete description of the analysis and findings, as well as thorough documentation of the data and methodology used to arrive at the findings.

4.4 Required Data and Information

A detailed listing of all data and information necessary to complete your actuarial review shall be included in your response to this RFP.

The UCNSB will provide census and related data to the firm (Necessary for actuarial evaluation report preparation) within 10 days of its September 30 fiscal year end. The firm will provide its completed report by November 15th to the UCNSB (45 Days).

4.5 Proposal Questions

The purpose of this RFP is to demonstrate the qualifications, competence and capability of the firm. The substance of the response will carry more weight than form or manner of presentation. Preparation of your response should be simple and economical, providing a straightforward, concise description of your ability to provide the services requested. The response should include the following, preferably in the order listed:

1. What is the basis of compensation for your services (flat fee, time plus expenses, etc.)?
2. What is your estimate for the total cost? If your basis for compensation is “time plus expenses”, please detail all anticipated expenses (clerical, travel, etc.) The cost for any optional work should be identified separately.
3. To what degree or percent of accuracy will you guarantee your total cost estimate?
4. A brief history and description of the firm, including a statement of the firm’s qualification to perform the requested services.
5. List at least five Florida public entities, preferably municipalities, that you have performed a GASB 74/75 actuarial study for in the last five years. Include the name of the entity, a contact person and phone number, as well as a description of the work performed.
6. Identify the key personnel within your firm who will be responsible for the completion of this assignment. Include the professional qualifications and experience of these key individuals; specifically, their experience with Florida public entities and GASB 74/75 liability calculation.
7. List any exceptions you have with the proposed RFP and Scope of Work as well as a description of any proposed work that differs from that described.
8. List all data and information that will be required to be assembled by UCNSB in order to complete the actuarial study.
9. Define the most important qualifications your firm can bring to UCNSB.
