RE: RSQ 20-20  
ADDENDUM **No. 1**

To prospective vendors:

The Utilities Commission is issuing the following addendum. **As such it becomes an integral part of the proposal and must be acknowledged by the return of this signed form, with your proposal form, acknowledging receipt of the addendum.**

- 1) *The RSQ requests a list of Professional Hydrogeological Services and Well Field Services that will involve various disciplines. Please clarify if UCNSB wants us to reply to the RSQ as: 1) a licensed consulting engineering and geological firm or 2) do you want us to submit the RSQ as a turnkey team including a licensed consulting engineering and geological firm and the various subcontractors such as well drilling contractor, geophysical logger and water quality laboratory?*

Response:

**It is preferred that we receive responses to the RSQ from a licensed consulting engineering and geological firm that has the ability to provide a turnkey resolution, however the additional team members that may be used for turnkey solutions such as a well drilling contractor, geophysical logger, water quality laboratory, etc. do not need to be named or included as part of the RSQ response.**

**RFP 20-20 Continuing Professional Hydrogeological Services will open as planned on June 4<sup>th</sup>, 2020 at 2:30PM. However, vendors are encouraged not to attend bid openings in person, but to attend by dialing 1 (718) 362-6520 PIN: 184-2009.**

The Utilities Commission, City of New Smyrna Beach takes this step in an abundance of caution for the safety and wellbeing of our staff and community.

***A Copy of This Signed Form Must Accompany Your Proposal***

**Acknowledgment of Receipt of Addenda No. 1**
